

Ibanez

2011 Acoustic Guitars

Discover your Voice, Tone, Style

Performers have always felt a strong affinity for the acoustic guitar because of its ability to translate the full range of a player's emotions into a sound that touches both the listener and performer. The world today contains an abundance of musical styles and fashions, and people's tastes regarding guitars are no less varied - from traditional models that have remained unchanged for decades to fashionable models that come in a variety of colors. Different musical forms, performance situations, and player ages give rise to a diverse array of needs on the part of musicians.

Ibanez takes pride in the fact that our 2011 line of acoustic guitars answers these demands. This doesn't mean we are blindly following the latest trends. For our 2011 reimagining of the Artwood series, we have added a modern sensibility while respecting tradition. The Artwood series will satisfy the player looking for a standard acoustic guitar and supply them with the extraordinary tone produced by high-quality woods.

At the same time, all of our acoustic guitars feature the attractive body shapes and specifications that Ibanez has always provided. The AEF series and Montage series both come in a beautiful range of colors while an extensive array of the EW (Exotic Wood) series gives you a large choice in a variety of precious woods.

The common thread found in each series is a design and sound that transmits the exhilaration and enjoyment of performance and provides players with value that goes far beyond expectations.

Just as no two guitars sound the same, no two players have quite the same tone. Every guitarist possesses a distinct sound that comes from the guitar they play coupled with their singular personality. Ibanez wants nothing more than to produce acoustic guitars that allow players to truly express the music inside them.

**INCLUDES LIGHTWEIGHT DREADNOUGHT CASE*

LR Baggs

The Artwood series was crafted to produce a traditional as well as a modern guitar. Technology moves forward at a frantic pace and the world of guitar craftsmanship is no different. In producing the Artwood series, we've respected the rich tradition of the acoustic guitar while adding modern interpretations in our continuing search for the ultimate in guitar tone.

You'll find traditional specifications common to each model, such as a bone nut and saddle and a dovetail neck joint, as well as a neck shape that provides an easy grip. Rich tone and big sound come from the carefully selected high-quality wood used to construct the guitar. The modern design of the bridge shape efficiently transmits vibration and the simple yet elegant aesthetic touches fuse a modern design sense with a traditional feel.

It's hard to describe the warm tones and overall quality of the Artwood Series. It's an experience you must try for yourself. We invite you to take a closer look at the new 2011 Artwood series.

LR Baggs® Element™ Pickup and EAS-VTC™ Preamp with Soundhole Mounted Tone and Volume Control

The AW3000CE feature the EAS-VTC™ Preamp – an LR Baggs® element™ pickup that includes volume and tone control. The all-discrete class A endpin preamp provides a natural bass sound for a wide variety of tone. A soundhole mounting provides excellent operability, ensuring very little alteration of the body, so the natural sound of the guitar is always pristine.

Fishman® Sonicore Pickup and Ibanez SST Shape Shifter™ Preamp with Onboard Tuner

The powerful Fishman® Sonicore pickup, complemented by the Ibanez SST Shape Shifter™ preamp with onboard tuner, enables easy sonic manipulation using the 3-band EQ and tone shaper. Any contour is right at your fingertips. The SST also offers a phase reverse for feedback reduction.

AEF

AEF Features

- AEF Body
- Mahogany Neck
- Rosewood Bridge and Fretboard
- Ibanez Ivorex II™ Nut and Saddle
- Ibanez Advantage™ Bridge Pins
- D'Addario® EXP™ Strings

Back by popular demand, the improved feedback-resistant AEF body offers an ergonomic and comfortable shape. AEF models feature a large range of striking sunburst and solid finishes, quilted maple bodies, flamed maple tops and sides, and spruce tops. The AEF37E and AEF30E models feature pearl block and abalone fretboard inlays while the AEF18E offers a laser engraved fire rosette. For comfort, clear highs, and strong midrange punch, there's no acoustic guitar that gets it all done at such an affordable price.

AEF37E

- Quilted Maple Top
- Quilted Maple Back and Sides

Not just a pretty face: AEL20E and AEL10E models feature Fishman® Sonicore pickups and Ibanez SST Shape Shifter™ preamps with onboard tuners for sophisticated tones and effortless tuning.

AEG

The AEG Series' slender, single-cutaway bodies deliver powerful and balanced acoustic sound, unplugged or through an amp or PA system. These guitars combine easy playability, classic solid and sunburst finishes and mahogany bodies with spruce or quilted maple tops to create a quality, workhorse acoustic guitar that will rise to any occasion. High quality Fishman® Sonicore pickups and Ibanez SST Shape Shifter™ preamps with onboard tuners provide the sparkling tones that sound great in any venue.

Fishman® Sonicore Pickup and Ibanez SST Shape Shifter™ Preamp with Onboard Tuner

Bring on the low end: AEB10E models feature Fishman® Sonicore pickups and Ibanez SST Shape Shifter™ preamps with onboard tuners for natural-sounding bass tones.

Ibanez AEQ 202T Preamp with Onboard Tuner

The AEB5E models feature an Ibanez under saddle pickup and Ibanez AEQ202T preamp with 2-band EQ and onboard tuner.

EW

The universally-praised EW Series pairs gorgeous and exotic tone woods such as Monkey Pod, Spalted Mango and Burl Maple with the fantastic combo of B-Band® UST™ pickups and Ibanez SRTc preamps with chorus and onboard tuners, creating instruments that are pleasing to both the eye and the ear.

EW50MPSENT

- Solid Monkey Pod Top
- Monkey Pod Back & Sides
- Pearl Rosette
- Rosewood Neck and Body Binding

- Ibanez Advantage™ Bridge Pins
- D'Addario® EXP™ Strings

B-BAND® UST™ Pickup and Ibanez SRTc Preamp with Chorus, Variable Phase Reverse, and Onboard Tuner

The biggest advantage on the Ibanez SRTc preamp is that you can instantly get beautiful chorus sound with the push of one button.

EWC Body

The EWC's relatively compact body offers more comfortable playability.

EWN

The Ibanez EWN Nylon-string series brings together comfortable nylon strings, thinner necks than standard classical guitars and beautiful flamed sycamore, koa and bubinga to create instruments that feel and play like the smoothest classical guitar you've ever held.

EWN Features

- Nylon Strings
- Thinline Mini EW Body with Cutaway
- 14th Fret Neck/Body Joint
- Mahogany Neck
- Mahogany Neck and Body Binding
- Laser-Engraved Wood Rosette
- Gold Classical Tuners
- B-Band® UST™ Pickup

- Fishman® Sonicore Pickup
- Ibanez SRTc Preamp with Chorus and an Onboard Tuner
- Balanced 1/4" and XLR Outputs
- Rosewood Bridge and Fretboard
- Ibanez Ivorex II™ Nut and Saddle
- D'Addario® EXP™ Strings

"I've been playing the JSA acoustic onstage and it feels great, plays great and sounds wonderful. And, in all black, it looks so cool! It has outstanding projection, and an impressive dynamic range too, with a powerful clear tone essential for live performance. The JSA acoustic has a full and balanced sound that's perfect for strumming, soloing, or delicate finger picking. It has good access to the upper frets, and the electronics make anything you play sound clear and natural."

JSA

Joe Satriani
Signature

Fishman® Acoustic Matrix™ Pickup with Ellipse® VT Preamp

JSA10 features the Fishman® Matrix™ pickup with Ellipse® VT preamp. The ergonomic soundhole-mounted design puts slider controls at your fingertips, to maintain a natural playing position. Plus, the unique tone control cuts mid ranges while boosting treble and bass.

FISHMAN®

JSA10-BK

- Solid Engelmann Spruce Top
- Solid Rosewood Back and Sides
- Abalone Body Binding

Fishman® Sonicore Pickup with Fishman® Presys™ Preamp

JSA5 features Fishman® Sonicore pickup with Presys™ preamp. Its compact, sophisticated Presys™ system features volume, bass, mid and treble controls, a phase switch, and a built-in tuner with LED display. The unique design allows easy battery access.

Steve Vai Signature Euphoria

"The new Euphoria is made to be sleek and thin with a large acoustic electric sound. Its size gives it a bright crisp tone that allows it to sit on top of a mix."

Fishman® Acoustic Matrix™ Undersaddle Pickup with Aura® IC

The EP10 includes a Fishman® Matrix™ Undersaddle Pickup that features the amazing Aura® Image Casting (IC) Technology. The system comes with four Aura® IC images created specifically for Steve. Aura® Image Casting Electric (ICE)

Technology was used to create four ethereal and rich acoustic tones. Each image was generated using a full body guitar, top-shelf microphones and an undersaddle pickup in a professional recording environment. The EP10 is also fitted with a compact preamp with simple volume and tone controls that are just right for a lightweight and thin body performance guitar.

EP10-BP

- Special Thin Body
- Solid Engelmann Spruce Top
- Solid Mahogany Back and Sides

- Special "Vai" 12th fret Inlay
- Black Pearl High Gloss Finish

A Kaleidoscope of Sound Montage

Guitarists are often called upon to cover all sorts of sounds and textures: acoustic, electric, rhythm, lead. Unfortunately, this usually results in a car full of extra gear. Not anymore: The Montage is a complete sonic arsenal for those busy working musicians. You can get any sound, from purely clear acoustic to heavily distorted electric and everything in between, in just one guitar. Your dilemma is now no longer an issue. Just grab one Montage series guitar, and you're set for the gig.

Montage Features

- Ibanez Original MSC Body
- Mahogany Neck
- Ibanez AP10 Magnetic Pickup and Ibanez Under Saddle Pickup
- Ibanez Original M300 Preamp with Onboard Tuner
- Rosewood Bridge and Fretboard
- Ibanez Ivorex II™ Nut and Saddle
- Ibanez Advantage™ Bridge Pins
- D'Addario® EXP™ Strings

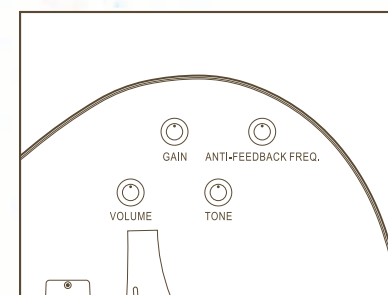

MSC380FMTRD

- Flamed Maple Top
- Flamed Maple Back and Sides
- Ibanez Gold Die-Cast Tuners
- Transparent Red High Gloss Finish

M300 Preamp

Montage guitars feature a 3-way switch that enables you to get both acoustic and electric guitar sounds, with individual controls for both.

Montage Controls

The under saddle pickup and the 3-band EQ with anti-feedback control, delivers clear acoustic tones without compromise. The magnetic pickup and gain control gives you the distorted electric guitar sound instantly.

PF

With PF Performance acoustic and acoustic-electric guitars, you get professional features, quality, and great sound at extremely inexpensive prices backed by the Ibanez name and limited lifetime warranty. The new PF30SNT features a Solid Spruce top and its electric acoustic counter-part, PF30SECE comes equipped with Fishman® Sonicore pickups and Ibanez preamps usually found in more expensive guitars. And the value continues with PC25WC, featuring a beautiful Grand Concert body, and the PF25WC, which boasts a full Dreadnought body and comes with a hard shell case, available in your choice of pure acoustic and acoustic electric models.

PF Features

- Mahogany Neck
- Mahogany Back and Sides
- Rosewood Bridge and Fretboard
- Ibanez Ivorex II™ Nut and Saddle
- Ibanez Advantage™ Bridge Pins

Fishman® Sonicore Pickup and Ibanez SST Shape Shifter™ Preamp With Onboard Tuner

PF30SE features a Fishman® Sonicore pickup and Ibanez preamp with balanced XLR and 1/4" outputs for sound and control usually found in more expensive guitars.

SAGE

There is no rule that your first guitar can't sound and look great. The Sage Series features a selection of body shapes: dreadnought, grand concert and jumbo. Several beautiful sunburst finishes combined with large, classic pickguards contribute to the Sage's understated vintage styling. In appearance, sound, and playability, the Sage Series, including the SGE acoustic/electric models, sets a new benchmark in entry-level guitars.

GA

The Ibanez GA Series classical guitars take the guesswork out of finding an affordable, great-sounding classical guitar that's easy to fret and play. Whether you are looking for a traditional classical-sized instrument or a comfortable nylon-string beginner guitar, the GA models are extremely well-constructed, affordable and have the pristine tonality and playability of much more expensive instruments.

Mandolin

Mandolins have been gracing music since the seventeenth century and their popularity is a testament to their unique, crisp sound. With F-Style and A-Style bodies, we offer six mandolins, from the traditional pure acoustic to the acoustic electric option, all in attractive classic finishes like Brown Sunburst and Dark Violin Sunburst. From Maple necks, Rosewood bridges and fretboards, and your choice of Solid or laminate Spruce tops, there's a mandolin for any melody you want to play.

*WMC hardshell case sold separately

Ukulele

The sweet-toned, nylon-stringed ukulele originated in 19th century Hawaii. It gained great popularity in the U.S. during the early 20th century, and from there spread internationally. Ibanez is pleased to offer seven different models, including two with electronics. Our lineup includes soprano and concert-size ukuleles, which bring the rich, textured sounds to your fingertips.

Ibanez UK 300T Preamp

The UK-300T Ukulele preamp is equipped with a 2-band EQ for adjusting bass and treble. It also includes a built-in onboard tuner to ensure stable performance every time you hit the stage.

UKS50

T35 Troubadour Control Panel

Troubadour series feature "Mode" switch on T35 and T20 and "Middle Shape" control on T10, both of which make the tonal character change instantly. Troubadour also features onboard chorus with depth and speed control, and MORE!!!

Amplifiers Troubadour Total Immersion

What's the one thing that almost all small venue musicians strive for when it comes to amplifiers? Some might say "pure immersive tone", which would undoubtedly be followed by "portability". The Ibanez T-Series Acoustic Guitar Amplifiers deliver exactly that, along with the striking appearance of a hand-crafted boutique amplifier. Whether you're strumming away at the local coffee shop or playing weekly gigs at a religious venue, the sounds of the T-Series will fill the room. Plus, you won't have to break your back getting your amp in and out. The Ibanez T-Series was designed with portability in mind.

ADVANTAGE™ BRIDGE PINS

These pins really are an advantage over old-fashioned pins. Advantage™ pins are easier to take out and easier to put in than standard pins. A special bulb-shaped end makes the pin easy to grip and also prevents the pin from being pushed in too far. Best of all, with Advantage™, the pin and string stay put.

STANDARD PINS

With standard pins, the ball can become caught up on the end of the pin, which can result in string slippage during tuning.

ADVANTAGE™ PINS

Advantage™ bridge pins hold the string ball where it should be—right under the top for better sound, stability and security.

BALANCED 1/4" & XLR OUTPUTS

Many Ibanez acoustic guitars feature both 1/4" and XLR outputs for increased versatility.

IVOREX II™ NUT & SADDLE

Ivorex II™ nuts are stronger and more durable than bone and even harder than the original Ivorex. Ivorex II allows brilliant highs and more pronounced lows with less mid-range which makes Ivorex II-fitted guitars perfect for amplification.

Visit ibanez.com for complete technical specs, special features and up-to-the-minute updates.

Ibanez Artists

Ibanez is proud to feature D'Addario® EXP™ strings on many acoustic guitars and basses. EXP™ strings retain brightness three to four times longer than the same uncoated string, while retaining a great natural feel.
